Application No. 09/067,910

ORDER RETURNING UNDOCKETED APPEAL TO EXAMINER

On June 4, 2001, the examiner has filed an examiner's answer (Paper No. 19). On page 2, paragraph 9, of the examiner's answer, the examiner has listed Chen et al. "View Interpolation for Image Synthesis," pp. 279-286, as prior art. Upon review of the file, this reference appears to be missing from the application. Before further review, the examiner must provide a complete copy of the Chen reference.

Accordingly, it is

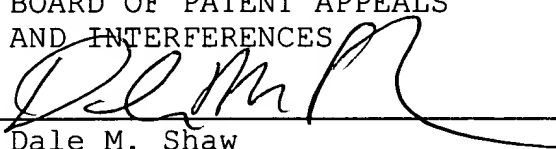

ORDERED that this application be remanded to the examiner to: 1) submit a complete copy of the prior art to Chen; and 2) for such further action as may be appropriate.

Application No. 09/067,910

It is important that the Board of Patent Appeals and Interferences be informed promptly of any action affecting the status of this appeal (i.e., abandonment, issue, reopening prosecution).
